

# Section 7 Lynxville

**Distance:** 7 miles from De Soto to Ferryville. 8 miles from Ferryville to Lynxville. 15 miles from Lynxville to Prairie du Chien. 25 miles from map matchline to map matchline.

**Difficulty:** The terrain for the entire length of this panel is flat.

**Route Travel Conditions:** Traffic volumes are moderate-low. About half of the trail on this panel is rated in the "best" category for cycling. Conditions south of Lynxville are mixed. Because of a very narrow ledge for the highway, much of the road has a guardrail on the west side and concrete barrier on the eastside. Southbound cyclists will have a consistent 3 and 4 feet of paved shoulder. Northbound cyclists will have 2 and 3 feet of paved shoulder because of the placement of a gutter next to segments where the concrete barriers are located.

**Directions:** *Southbound:* From map matchline (Victory) continue on WIS 35 through Lynxville and to map matchline. *Northbound:* From map matchline continue on WIS 35 through DeSoto to map matchline.
